| <b>GOAL 1 Data Review</b> |
|---------------------------|

**As you review your Goal 1 data, consider your school's performance relative to the districtwide averages and previous year performance. These may require reviewing data from previous years or accessing additional data. Respond to the following key questions:**

| Key Questions  | Analysis   |
|--|--|
| <p><b>Highlight Strengths:</b><br/>Which data reflected strengths for your school?</p>   | <p>Goal 1A Academic Content: From the previous year, students increased performance of percent proficient and advanced on district assessments by 21% in ELA and 16.5% in math.<br/>Goal 1B Academic English: For EL sub group the increase was 14.5% in ELA and 26.1% in math.</p>  |
| <p>Which prior year action steps have contributed to these areas of strength?</p>  | <p>Effective instructional delivery models, instructional strategies, resources, and classroom routines that support students toward meeting academic goals., Professional development that provides targeted support to teachers, extended learning/tutoring provided to students of all academic achievement levels, Assessment data analysis - data driven instruction, Designated and integrated English Language Development support for students, Continued support for RFEP/FEP students, Self regulatory programs, increased access to technology.</p> |
| <p><b>Highlight Areas for Growth:</b><br/>Which data reflected areas of growth needed for your school?</p>   | <p>Goal1A Academic Content: State assessment scores did not increase in alignment with the increase seen on district assessments.<br/>Goal 1B Academic English: English learners did not meet LCAP expectations on state assessments and CELDT, despite large increases of proficiency on district assessments.</p>  |
| <p>How will these areas for growth be addressed in your action steps and supported by your school's budgeted expenditures? (new or refined programs, strategies, activities, etc.)</p> | <p>We will continue to seek professional development opportunities to promote promising practices. We will work on motivating students through PBIS, goal setting and reflection, and growth mindset. Ongoing district level and site level Professional Development will support teachers with using current district adopted, research based curriculum and strategies to develop student understanding of state standards and support student success on state assessments so that students can show mastery of skills when assessed in different ways.</p> |
| <p><b>Other Key Findings:</b><br/>What does your overall data show regarding progress towards goals?</p>   | <p>Overall students performed well on district assessments, but that did not show through on state assessments. LCAP expected outcome to improve or maintain was met in all areas for overall, but was not met for English Learners. Annual survey noted a slight decrease in the area of scholarly habits, but we maintained within the LCAP expected outcome.</p>  |

## GOAL 2 Data Review

As you review your Goal 2 data, consider your school's performance relative to the districtwide averages and previous year performance. These may require reviewing data from previous years or accessing additional data. Respond to the following key questions:

| Key Questions  | Analysis   |
|--|--|
| <p><b>Highlight Strengths:</b><br/>Which data reflected strengths for your school?</p>   | <p>Goal 2B Socio-emotional well being: Emotional care increased slightly.<br/>Goal 2C Climate: Discipline and norms increased. Parent surveys indicated an increase in student and adult climate overall.</p>  |
| <p>Which prior year action steps have contributed to these areas of strength?</p>  | <p>PBIS has created clear expectations of a school-wide behavior and discipline system that is understood and followed fairly for each student, Support services have been increased for counseling/mental health. PBIS has supported antibullying, campus safety, discipline, home school communication, and develop a safe and welcoming climate. We have many community partnerships that have a collective impact in supporting the needs of students.</p> |
| <p><b>Highlight Areas for Growth:</b><br/>Which data reflected areas of growth needed for your school?</p>   | <p>Attendance slightly decreased and Scores slightly decreased in all areas of motivation.</p>   |
| <p>How will these areas for growth be addressed in your action steps and supported by your school's budgeted expenditures? (new or refined programs, strategies, activities, etc.)</p> | <p>Attendance awards will be given at monthly spirit assemblies. Additional emphasis will be placed on communicating with parents regarding the importance of school attendance. Award opportunities will be increased within the PBIS program. Growth mindset, high expectations, and positive self talk will become a stronger focus in classrooms and at assemblies.</p>  |
| <p><b>Other Key Findings:</b><br/>What does your overall data show regarding progress towards goals?</p>   | <p>While scores slightly decreased in all areas, we were within the LCAP expected outcome in all areas.</p>  |

## GOAL 3 Data Review

As you review your Goal 3 data, consider your school's performance relative to the districtwide averages and previous year performance. These may require reviewing data from previous years or accessing additional data. Respond to the following key questions:

| Key Questions  | Analysis  |
|--|---|
| <p><b>Highlight Strengths:</b><br/>Which data reflected strengths for your school?</p>   | <p>Goal 3A College Career Readiness: College ready rates in ELA increased by 7% and conditionally ready in math by 6%. Average PSAT and SAT scores increased in all areas. AP enrollment rates and test takers increased.</p>   |
| <p>Which prior year action steps have contributed to these areas of strength?</p>  | <p>College going environment: Staff conversations with students and assemblies are constant reminders to students that college is a possibility for all students. College shirts are worn by staff and students every Wednesday. 6th graders participate in a college career mentoring program focused on social, organizational, organization, and self advocacy skills for future academic success.</p> |
| <p><b>Highlight Areas for Growth:</b><br/>Which data reflected areas of growth needed for your school?</p>   | <p>Goal 3A College Career Readiness: ACT scores decreased while SAT increased. This is opposite of our prior year data.</p>   |
| <p>How will these areas for growth be addressed in your action steps and supported by your school's budgeted expenditures? (new or refined programs, strategies, activities, etc.)</p> | <p>Explain differences of SAT and ACT. Bring back prior students experiencing college success to mentor our students. Our school has been more focused on staff modeling of a college going atmosphere, but students have not yet adopted it for themselves. We will work on finding ways that students can internalize it and set personal goals for themselves.</p>                                     |
| <p><b>Other Key Findings:</b><br/>What does your overall data show regarding progress towards goals?</p>   | <p>Enrollment at 2 year colleges increased while 4 year decreased.</p>  |

**School Plan for Student Achievement Annual Evaluation**

Pursuant to California Education Code Section 64001(g), the School Site Council (SSC) must evaluate at least annually the effectiveness of planned activities. In the cycle of continuous improvement of student performance, evaluation of the results of goals will provide data to inform and guide subsequent plans. The school must be able to provide evidence of the evaluation process to determine if the needs of students are being met by the strategies described in the SPSA.

| Section                          | Annual Evaluation Summary Description<br>Use the guiding questions above and provide a summary response for each area of evaluation.  |
|----------------------------------|---|
| <b>Plan Priorities</b>           | Plan priorities included a focus on professional development to support best practices and use of recent ELA and Math adoptions as well as English learner support and Motivational Practices. Opportunities for use of technology was a priority for parents and teachers.   |
| <b>Plan Implementation</b>       | Instructional leadership team and grade level chairs met monthly to discuss implementation of best practices. Staff meetings occurred monthly with an additional emphasis on best practices related to ELA, Math, Writing, technology integration, and English learner strategies. All classrooms have 1:1 devices to access technology.  |
| <b>Strategies and Activities</b> | PBIS continues to be implemented on our campus providing clear expectations to all students, staff, and parents. The piece that still needs additional work is motivation for students to do their best and reflect on their successes and needs. We will continue to build on the motivation piece next year.  |
| <b>Involvement/ Governance</b>   | Parents and staff are asked at meetings and through surveys to provide input as to what they felt should be the priorities at the school. This drove decision making for professional development and for school spending of funds. Stakeholders were informed of ongoing projects at monthly and/or quarterly meetings.  |
| <b>Outcomes</b>                  | From the previous year, students increased performance of percent proficient and advanced on district assessments by 21% in ELA and 16.5% in math. For EL sub group the increase was 14.5% in ELA and 26.1% in math. Overall students performed well on district assessments, but that did not show through on state assessments. LCAP expected outcome to improve or maintain was met in all areas for overall, but was not met for English Learners. Annual survey noted a slight decrease in the area of scholarly habits, but we maintained within the LCAP expected outcome. PBIS has created clear expectations of a school-wide behavior and discipline system that is understood and followed fairly for each student, Support services have been increased for counseling/mental health. PBIS has supported antibullying, campus safety, discipline, home school communication, and develop a safe and welcoming climate. We have many community partnerships that have a collective impact in supporting the needs of students. |

## School Parental Involvement Policy: 2018-19

### **Involvement of Parents in the Title I Program & Building Capacity for Involvement**

Our school engages parents in meaningful interactions with the school. It supports a partnership among staff, parents, and the community to improve student academic achievement. The state identified twelve requirements, which have been organized into six categories based on the framework of six types of parental involvement: parenting, communicating, volunteering, learning at home, decision making, and collaborating with the community. To help reach these goals, and involve parents in the Title I program at our school, the following practices have been established:

#### **PARENTING: Help all families establish home environments to support children as students.**

- 1. Our school convenes an annual meeting to inform parents of Title I students about Title I requirements and about the right of parents to be involved in the Title I program. Our school provides parents of Title I students with timely information about Title I programs.**
- 2. Our school offers a flexible number of meetings for Title I parents, such as meetings in the morning or evening, including multiple opportunities for parent education programs.**

The school provides parents with information about the school's participation in and the requirements of programs such as, Title I, English Learners (EL), Special Education, Gifted and Talented Education, and the LEA plan. The school organizes opportunities for parents to be involved throughout the school year. Information regarding the school's programs and their rights to be involved will be distributed to parents at the beginning of the school year. #### SECTION E: ESTABLISHMENT OF THE SCHOOL SITE COUNCIL (SSC)

**\*RECORDS MUST BE RETAINED FOR 3 YEARS**

At elementary schools, the council must be constituted to ensure parity between (a) the principal, classroom teachers and other school personnel and (b) parents of pupils attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must, in addition, be equal numbers of students and parents or other community members selected by parents. Teachers, other school personnel, parents and (at secondary schools) students select representatives to the council (Education Code 52012). The Council must have at least 10 members at elementary sites and 12 members at secondary sites.

#### Composition of an Elementary School Site Council

#### Composition of a Secondary School Site Council

Describe each of the following steps in the establishment of the school site council (Education Code Section 52012). Note that replacement of school site council members must be through peer selection, not appointment, unless the replacement is for the remainder of the school year.

**a. Peer selection process:** The council shall be composed of the principal and representatives of teachers selected by the school, other school personnel selected by other personnel at the school, parents of pupils attending the school selected by such parents, and in the secondary school, pupils selected by pupils attending the school. The peer selection process may include:

2. Back To School Night Election: In the letter, we include a form for self-nomination. After all the nominations have been received, parents and school personnel are informed that the election will be held prior to Back To School Night, stating the date and time. Ballots are prepared and a voting station set up for parents and guardians to vote. Parents from last year's SSC count the ballots.

**b. Members' terms of office:** Members will serve one- or two-year terms.

**c. Procedure for replacing a member:**

The procedure for replacing a member shall be pre-determined. Recommended procedures include:

1. Mid-year elections may be held.
2. Members are replaced using a peer selection process.
3. Volunteers may be asked to complete the year, a replacement will be appointed, and elections will be held in October of the following school year.

Voting Process by parents of English learners:</b> An election is held in which all parents of English learners have an opportunity to vote and in which the parents or guardians of English learners elect the members of the committee. The peer selection process may include:</p> <ol style="list-style-type: none"><li>1. <b>Ballot By Mail:</b> In the letter, we include a form for self-nomination. After all the nominations have been received, a ballot is sent home with each English learner for parents to vote. Parents from last year's ELAC handle this process and count the ballots.</li><li>2. <b>Voice Vote:</b> In the letter, we encourage all parents and school personnel to attend a meeting where information about ELAC will be provided and elections will be held at the school site.
